PROFILE

Senior live production specialist with over 30 years of experience delivering high-pressure, large scale broadcast, event and studio productions internationally.

Known for calm leadership under pressure, strong show flow, and the ability to translate complex creative ideas into clear, executable live systems.

Works across entertainment formats, live events and hybrid productions as a director, show caller or senior live production lead. Trusted to step into complex environments, stabilise workflows and deliver seamless live outcomes.

AVAILABILITY

Available internationally for freelance live productions, events, studio work and hybrid formats.

CORE SERVICES

- Live event and broadcast production leadership
- Multi-camera direction and studio production
- Show calling and run of show development
- Technical direction and live delivery
- Hybrid and livestream production
- Crew leadership and real time problem solving
